## 1033 Program Save Colorado Communities Millions

Have you ever wondered how much equipment Colorado law enforcement agencies have acquired through the 1033 Program? We wondered and it turns out there is a lot!

The federal fiscal year runs from October 1 to September

30. For the federal fiscal year to date (October 1, 2014–July 31, 2015), Colorado agencies have acquired almost **\$4.2 million** in equipment.

In addition, Colorado agencies have over **\$27 million** in

equipment from prior years that we are tracking on inventory!

At no or low cost to the agencies, this represents a huge savings to the communities and taxpayers of Colorado.

## Reset Your Password to Prepare for 1033 Inventory

The annual 1033 Program Inventory is coming up soon. Inventory will open on October 1, 2015, and must be completed by December 15, 2015.

No pictures! The photos of weapons and vehicles that were uploaded in previous years and when you received items are still there. You will not need to add pictures during the inventory process this year.

The inventory process this year will be similar to last year. You

will need to log in to the [FAMWEB FEPMIS](#) website and certify that each item of equipment is present and accounted for.

Passwords expire every 60 days on the FAMWEB FEPMIS website, which means that you may need to get your password reset.

It will be easier to complete your inventory in October if you take the simple step of resetting your password now.

**Call 866-224-7677, option 4 to reset your FAMWEB FEPMIS password.**

Make your password something that you will remember, and you will be one step ahead for inventory.

More reminders and tips for inventory will be sent as it approaches.

The screenshot shows the FAMWEB website interface. At the top, there is a navigation bar with links for 'FAMWEB Home', 'Contact Us', 'FAQ', 'Help', and 'Disclaimer'. The main heading reads 'Welcome to FAMWEB'. Below this, there are several sections:

- Left Sidebar:** A navigation menu with categories like 'FAMWEB Administration', 'AMIS', 'AWSR', 'FIRESTAT', 'SIT-209', 'FAMWEB Data Warehouse', 'FEPMIS', 'KCAST', 'WIMS', 'FEPMIS', 'LESO FEPMIS', 'Electronic Forms', 'Wildland Fire Related Links', and 'Other Links/Forms'. At the bottom, it lists 'Log Off (AWSR, AMIS, ARS, FIRESTAT, SIT, 209)' and contact information for the site maintainer: 'USDA Forest Service, Fire & Aviation IT, Phone: 866-224-7677, 360-326-8002, Fax: 866-328-1364, E-mail: helpdesk@dms.nwco.gov'.
- Main Content Area:**
  - DATE: June 22, 2015** - \*\*ATTENTION FAMWEB USERS\*\* - The Internet Technology (IT) System Security team will be cleaning up FAMWEB user accounts that have never been used and are older than 90 days. Any user account that has never been used and is older than 90 days with be deleted on 9/26/15. If you need a FAMWEB account you will either need to login before 9/26/15 or create a new account after 9/26/15. Please contact the Help Desk for assistance.
  - DATE: JUNE 23, 2015** - \*\*ATTENTION FAMWEB USERS\*\* - The Fire and Aviation Management Web Application (FAMWEB) website brings together Applications, Tools and Services to support Federal, State and Local government agencies which provide support for all wildfires and other incidents. The [New User Accounts](#) and [Disclaimer](#) pages have been broadened to cover the variety of application technologies and diverse user groups. [How to request a new FAMWEB account document.](#)
- Right Sidebar:**
  - ALICE HUYLER** - Your last logon was on: 07/31/15 03:28:30. Your password will expire on: 09/23/15.

Get the [Statement of Physical Custody form](#) from our website and use it when you issue 1033 equipment.

The Florence Police Department acquired a climbing wall through the 1033 Program.

Here it is being used during the town's July 4th celebrations.

Keep your eye out for similar equipment you can use to promote officer fitness and community involvement.

### Required Paperwork: Statement of Physical Custody of 1033 Program Property

*Statement of  
Physical Custody of 1033 Program Property*

Law Enforcement Agency Information:

Name:

Address:

Phone Number:

1033 Property issued to:

Name: (LAST)

(FIRST)

1033 Property:

When you issue 1033 Program "controlled items" to your officers, you are required to keep track of who has each item and the location of each item. Controlled items are those in the DEMIL B-Q categories. DEMIL A equipment may be issued without completing the form.

In the case of an audit, you are required to physically show the auditor each piece of 1033 Program equipment. You may show the auditor an equipment custody receipt or Statement of Physical Custody if the item is issued to an officer on duty.

You can get the [Statement of Physical Custody form](#) from our

website and make copies as needed.

If your agency already signs for equipment on a form that captures the same information, you do not need to use our form. Ensure that you include the item information, officer information, and a signature for each piece of 1033 Program equipment.

Complete the form according to your agency's practices each time you issue equipment.

Is 1033 equipment such as weapons issued long-term to

officers who retain possession of the equipment? If yes, then complete the form each time the equipment changes hands or at regular intervals to certify that the officer has the equipment. You might have officers sign the form monthly or during training and certification days.

Is 1033 equipment such as weapons locked in the armory and issued as needed for a duty shift? If yes, then complete the form each time the item leaves the storage area or armory, which may be every day.

### State Plan of Operation Agreements

In April an updated State Plan of Operation agreement was sent to all participating law enforcement agencies in Colorado.

Most agencies have returned their signed agreements, but we are still waiting for a few.

If you have not returned a signed State Plan of Operation, please do so as soon as possible. Our office must have a signed agreement in order for your agency to be compliant and continue participating.

§STATE PLAN OF OPERATION BETWEEN  
THE STATE OF COLORADO  
AND THE

---

**I. PURPOSE**

This State Plan of Operation (SPO) is entered into between the State of Colorado and the \_\_\_\_\_, to set forth the terms and conditions which will be binding on the parties with respect to excess Department of Defense (DOD) personal property which is transferred pursuant to Title 10 USC § 2576a and to promote the efficient and expeditious transfer of the property and to ensure accountability of the same.

**II. AUTHORITY**

The Secretary of Defense is authorized by Title 10 USC § 2576a to transfer to Federal and State Agencies, personal property that is excess to the needs of the DOD and that the Secretary determines is suitable to be used by such agencies in law enforcement activities, with emphasis on

### 1122 Vehicle Orders vs. Colorado State Price Agreement Vehicle Orders

Many agencies in Colorado purchase new vehicles using the negotiated prices from the Colorado state price agreement. **Law enforcement agencies, cities, counties, water districts, school districts, and other political subdivisions can purchase vehicles using the state price agreements.**

You can access the state price agreement information on the [State Price Agreement Website](#). Scroll down and click to expand the "Vehicles" section.

How do the state price agreement prices and 1122 Program prices compare for new vehi-

cles? The prices vary and the vehicles differ. For some vehicles the state price agreement for a base model vehicle is lower, while for other vehicles the 1122 Program price is lower.

When purchasing a vehicle, other things to consider include:

- State price agreement awards are assigned to one dealer per vehicle. There is one dealer from which you can get that vehicle.
- Vehicles ordered through the 1122 Program are delivered to you, either to a nearby dealership or directly to your door.
- Changing the vehicle options for the vehicles included in the state price agreements can dramatically change the price of vehicle.
- You can shop online for 1122 Program vehicles and select your options, easily comparing prices between makes and models.
- 1122 Program vehicles are custom-built specifically for

your order, which can add time.

The bottom line is that it is important to research your vehicle purchases before you choose an ordering method.

There are many options available to help local governments in Colorado save money. Feel free to give our office a call with your questions!

### Good News Stories

We could all use a little good news!

Read about good news stories from around the country involving law enforcement agencies and their experiences with 1033 Program equipment. You

can [read the stories here](#) and access them on our [website](#).

The **Brighton Police Department** shared photos of their Humvees in use. Here we can see them delivering water for a local water emergency and assisting

with the rescue of a man trapped near the South Platte River.

Share your good news stories about your agency's 1033 and 1122 Program equipment with us to celebrate

your success and inspire other agencies.

**Send stories and photos to us at [cdps\\_1033\\_1122@state.co.us](mailto:cdps_1033_1122@state.co.us).**

### Fun and Games

#### Trivia

What town in Colorado has streets named Allosaurus Lane, Antrodemus Alley, Brachtosaurus Bypass, Ceratosaurus Circle, Triceratops Terrace, and Brontosaurus Boulevard?

(answers on the final page)

#### Try this Brain Teaser

You come across a lion and a unicorn in the forest. The lion lies every Monday, Tuesday, and Wednesday, and the other days speaks the truth. The unicorn lies every Thursday, Friday, and Saturday, and the other days speaks the truth.

When you talk to them, the lion says, "Yesterday I was lying." The unicorn says, "So was I." What day is it?

The Law Enforcement Support Office (LESO) within the Department of Defense (DoD), Defense Logistics Agency, facilitates the 1033 program. This program allows transfer of excess DoD property that might otherwise be destroyed to law enforcement agencies across the United States.

Section 1122 of the National Defense Authorization Act authorizes state and local agencies to purchase equipment and supplies in support of counter-drug, homeland security, and emergency response activities through federal sources of supply. Agencies can take advantage of the unequalled volume buying power of the Federal Government for the lowest prices on the market.

## Comments on the Executive Order for National Seminar—Make Your Voice Heard!

In January, President Obama issued Executive Order 13688 to create a working group to investigate and improve the acquisition and transfer of equipment from Federal government agencies to local law enforcement agencies. The working group looked at several programs, including the 1033 Program.

The Law Enforcement Equipment Working Group pub-

lished their findings and recommendations in May. You can download the report from our [website, here](#).

On Tuesday, August 25, our office will have an opportunity to voice our comments, questions, and concerns about how the working group

recommendations will be implemented.

Please [review the report](#) and send your comments to us at [alice.huyler@state.co.us](mailto:alice.huyler@state.co.us).

Send your comments by Sunday, August 23 to ensure we have time to organize them

and make the best use of our time on Tuesday.

Based on the working group's recommendations and our comments, there will be final guidance on changes to the 1033 Program. We can expect to begin implementing the changes in October, with the start of the new Federal fiscal year.

Recommendations Pursuant to  
**EXECUTIVE ORDER 13688**
