# **Receipting Property on FAMWEB**

#### When does an LEA need to receipt property?

Any time an LEA receives new property from DOD/LESO or via transfer from another LEA.

#### Why receipt property?

To have visibility over all your property. To account for any discrepancies during the issue and pick up process. Accountability, accountability, accountability.

# **Receipting Property**

- When requested equipment is approved, it will appear in FEPMIS within one to two days in your "Receipt" queue.
- Equipment should be receipted as soon as it is acquired (picked up or shipped to you).
- Once all items have been receipted, you will need to certify all of your equipment once a year. (From Oct-Dec).

As a courtesy, our office sends a monthly reminder email to receipt your property

# Receipting Property High Visibility Items (High Vis)

- Each High Vis item will have to be receipted individually.
- Tactical Vehicles and Aircraft will need two (2) photos per item (45\* angle of side/front and Data Plate)
- Weapons will need one photo that has a clear view of the serial number.

All unfocused photos will be rejected – especially of Data Plate & Serial Number
